Great Success at Crystal Springs.

The Rads had an appointment at Crystal Springs on Saturday, with Messrs. Burwell and Morris announced as speakers. There was a considerable collection of "new voters" of course. Col. ALCORN versus ALCORN.

In 1865, Gen. Alcorn was a member of the Legislature which passed the laws relating to freedmen that figure so extensively in Radical newspapers. He was elected by that body to the United States Senate under the reconstruction plan of Andrew Johnson.

Hastening to Washington to grasp the prize which had so long dazzled his vision, his entrance into the Senate was disputed by the Radical leaders, and under the influence of his outraged sensibilities he addressed to the people of the State the circular which we have reproduced in another column.

We ask the reader to turn from Al corn's present attitude towards the people of Mississippi, in full association with the Radical pack who are hounding them in their adversity, to the declarations contaned in this letter. It is the best shield against his present assaults, and a triumphant answer to his wantonly malignant and utterly groundless accusations.

In 1866, when not one-tenth of th cruelty had been inflicted on the Southern people by the party in power that they have since suffered, he told them that the condition then prescribed (under Johnson's policy) for their return to the Union, was the self-confession of "a condemned
